

I call on you to hold an official public hearing in my state.

Before the disastrous 2003 decision to weaken media ownership rules (which a federal court has now overturned), you held only one official public hearing. Further, FCC officials met behind closed doors 71 times with major broadcasters – but only five times with public interest groups. And to justify your actions, you used deceptive, industry-sponsored research data.

The will of Big Media had been heeded at the expense of American citizens and democracy itself. This has to end. Before you rewrite the ownership rules, I demand an official public FCC hearing in my state, impartial and verifiable research, and transparent debates.

It is time to put the needs of democracy – a diverse, skeptical, independent and competitive media system – ahead of profit-hungry media giants.

Regarding Fox News commentators and the others:

Closely viewing Fox News during a six month period, left nothing more than disgust in the soul. Dozens of e-mail letters were addressed to Mr.O'Reilly regarding the actual 'truth' of the last 20 years that have brought Americans to this day. Instead of 'good news reporting', O'Reilly capitalized on the letters sent to him by using them for the benefit of Fox 5 News. For an example, when you hear 'period' being said between Shepard and O'Reilly news segments, that came about after our letters were sent to O'Reilly with 'Period'!, ... being often used after we were making a strong statement.

Well, today we no longer engage with the Fox News, for they are useless, but unto themselves. Does the media have any public concern? Read the following, and it should be apparent, that when one needs news coverage to assist their fellow-man, the media says,"NO", just to allow for the events of today to take place which generates additional personal gains of sorts. The bribery and blackmailing that breathes behind the scenes of 'politics, the media, churches, and Hollywood' is the main cause of this great country being prostituted out from it's founding fathers integrity for 'the people'. As they walk blaming one another for the derogation of 'the people', they each live with many skeletons in their closet and blood on their hands.

The expression 'misery loves company' is another

cause to why Americans are being denied honor of their Constitutional Rights. For as they with wealth and authority may obscure within their pretentiousness displaying 'happiness,' is a misrepresentation, for when they retire in the evening to rise in the morning just to repeat themselves, is a non ending affair of tricks, leaving one extremely demoralized. So we beg to question, ... if the leaders are torn, why should 'the people' be whole'?

Dear Mr.Ralston,

With the knowledge of Senator Kerry and President Bush stepping upon the land of Nevada, begs a question, ... why have both of you gentleman who preach 'democracy' ignore the pleads of those who have been unjustly accused, persecuted and violated?

Mr.Ralston, regarding your news segment on the 'homeless', with your guest speakers Phillip Mangano, and Thom Reilly, begs another question at this time, ... how could anyone believe that management and Program funding will reduce or eliminate chronic homelessness?

All of the public, private and federal funding that is in existence could never over come the beast of 'corruption'. If our country which obtains trillions of dollars in it's financial institutions cannot be successful in removing poverty from our living status, than no present or additional funding program will accomplish it now or in the future. First 'corruption' has to be exterminated. Ha! That means the 'Orkin Man' needs to be called upon, and no one has dared to. Why not? Are people afraid to lose what is already being stolen from them?

Question to Mayor Bloomberg? If it is true that New Yorkers are 'too strong', too smart', 'too compassionate', to allow homelessness, then what are New Yorkers considered to be as when they 'manipulate', and 'glorify' in bringing persons 'to be in a homeless situation'?

Mr.Ralston, there are MANY people who are very aware of how corrupt our local, state, and government officials are, and how rigged the voting system is, so why are we continuing this ridiculous charade of cat and mouse? Mr.Ralston, life is quite boring when life is not being lived to the fullest. Our prayers are for the innocent, as our prayers are for justice. The system of government which now stands

will soon be destroyed, and these are the words of my Lord.

## "FOOD FOR THOUGHT"

'Ignorance is an abomination', for it will bring you unto the path of destruction, while slowly dis-forming life around you.

Watching and listening to 'the government' that is in ruling power at this time, such as those named through politics, churches, and Hollywood, infuriates the soul of the calm. People not only 'hit and miss' with 'the truth', but they also complicate the simple beauty of God, the 'All Mighty'. All of this talk of what has, is presently, and what is yet to come, is only a distraction, leading to great loss for 'all'. It may be very true that our Constitution is violated on a daily basis, with no seen remedy, however, no land will ever be free of an evil ruler 'until' 'the peoples' focus is removed from the sight of the problem, and redirected onto 'the source of remedy'.

"This country owes God and the children a full hearted apology for what is occurring today." For it is the fault of 'everyone', yet, through mans weaknesses, it is easier to blame the other party for the downfall of our specific society. Today, churches, and organization leaders are financially gaining from the errors of the political government, as they have also gained from being tax exempt, removing themselves from taking part in the cost of living, as they collect government funding. The many agencies within our governmental system have grown to a beastly formation due to the negligence of ALL 'the people'. This country together has allowed deceit, evil and hatred to roam nationally even through the air waves, while those again financially gain exploiting, and misrepresenting our society, promoting prostitution of our future. It appears to escape from everyone, though it is written what is to occur in the 'latter days', God so lovingly gives man a choice: 'Destruction -or Healing'.

Through II Chronicles 7:14: (KJV of the Bible), "If my people which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land." This verse says it all, yet church leaders rather defame the Lord through compromise, and

the gathering of riches. ALL people need to know that one is given unto God and given from God all what is needed by simply being 'humble'. Yet, it is taught through the church, to give tithing to be blessed, it is taught through the government to pay taxes to be safe, and it is taught through the media to be self centered to be someone. Little does' one knows that the Lord does not condone what this country represents, and ALL will suffer, regardless of position, sophistication, wealth, location, or ethnic. This country will never be at peace, for the following reason, we do not consider the 'children'. In Matthew 18:6: (KJV of the Bible), it clearly states: But whoso shall offend one of these little ones which believe in me, it were better for him that a millstone were hanged about his neck, and that he were drowned in the depth of the sea. For as long as the 'adult society' ignores, tramples, and disregards the children, we will be fighting a losing battle. One could develop many organizations, programs, foundations, committees, operations, and agencies, yet corruption will disown the matter of cause, leaving no positive end results.

In order to accomplish any good thing, their first must be a meeting of the mind, secondly, the ability to form in one accord. Where is that anywhere displayed in this country, for even within the realm of evil, they war against one another?

To reveal some truth: Man does not fear the one who speaks of God, man 'fears the one who walks in Gods word'. There is no need to preach and teach when there are individuals willing to walk in 'light'. Light will cover the darkness and 'all truth' will be shown within the light, so where are words needed when action speaks louder than words? Words are forgotten, yet action consistently brings forth results.

"LIFE IS BEAUTIFUL, - LIFE IS SIMPLE, ...  
UNFORTUNATELY, PEOPLE COMPLICATE THE BEAUTY  
AND THE SIMPLICITY OF LIFE"

To the News Editor,

Upon reading the speech presented by President Bush before the Joint Congress after the World Trade Center and the Pentagon Bombings, is definitely in conjunction with a 'true story' of, . . . 'how the leaders of the United States treat American citizens by implementing 'a wild campaign'. Simply based upon ignorance, poor information, loss of morals, ethics and a correct

focus, the United States citizens have become captive to the devices of 'deceit and terrorism'.

Questions have been asked why the country is hated and why the country stands in division.

The answer is explicit, . . . 'HYPOCRISY'.

As one may participate in conversation with an individual or within a congregation, the forum of dialogue is repeated, which only leaves to remain, repeated actions taken, with unseen changes.

If one is to honestly believe that 'life as a whole is safe', is gravely mistaken. For countries to be subjected into the form of 'dictatorship' does not occur overnight, it is a process.

Enclosed is a personal story describing how two individuals stood too only be fair and kind to their fellow-man, and tolerant of those who are considered as the 'vagabonds of society'.

Standing apart from parties of politics, organizations, foundations, and ministries, we engage in supplementing 'the whole truth to the people'.

Question may arise why money is not be provided for the cause in which it is was given.

Again simply answered, . . . 'CORRUPTION'.

There is no need to place personal blame, however, when you see children and adults being incarcerated for crimes committed, while others who simulate their actions receive judicial and public impunity, permitting them to continue to 'prey upon' is great disservice. Not only is it 'shameful', but also 'unpatriotic, unlawful and inhumane before all committees and unity of life.

When the Governor of California called the politicians there, 'girly men', you can relate his comment to a passage in the book of Jeremiah, [within the King James' version of the Bible] chapter 51 verse 30: The mighty men of Babylon have forborne to fight, they have remained in their holds: their might hath failed; they became as women: they have burned her dwelling places; her bars are broken.

There are numerous stories one could share and testify, and if there isn't a 'beginning point' to structure changes, then there will be no visual point of 'accomplishment'.

The definition of success varies from each person, personally, success is to, . . . 'refrain from acts of evil and those who commit the acts thereof'. So if my son and I come across as an opponent and receive treatment as if were terrorists by our own government, well then we say, . . . "let's sit and discuss why the United States is losing; revelation, integrity, support, harmony, tradition, relations, democracy, and most of all, 'peace among men'."

7/26/04

Dear Senator Hillary Clinton,

With the understanding you represent 'the people' of New York as their leading Senator, the following has been forwarded to your attention. Regarding the matter of 'Civil Rights', the enclosed information is tended to format a fair resolution, as well as to obtain hope for our future. The series of criminal and civil actions that have been constructed with no 'just cause' against my son and me for '21 years', has provoked this atrocity to be of eminent nature.

Due to the facts, we have relocated out from the state of New York in 2003, yet there is accountability within the state to rectify damages.

We are not submitting a summary of 'finger-pointing', we are simply addressing the perpetrators who have conspired 'to act, as well as permit' the offenses to occur as too also continue throughout 'time and several locations'.

Within the written laws throughout this country, we have the right to be heard, and to receive a fair trial by the jury of our peers.

For the United States to continue in ignoring the following facts of the leading events, lightens the question, is the United States obstructing justice, if so, it brings forth reason to place in writing that 'treason' has occurred.

To wander a question before the public of any status, and receive answers to what actions would one take within the same situation, would offer various responses. However, for my son and me, we have obeyed God's laws within man's dwellings, keeping the peace within the desensitized ruling of others, who have not yet established justified reasoning for their motives to sabotage our livelyhood.

Our endeavor to bring forth the story of how leaders are failing to uphold the 'Constitution' before 'the

people', will continue until we receive full adjudication.

Ignorance does not omit 'the truth'. Ignorance inhibits the ability of 'the truth' to prevail. Remaining in denial of 'the truth', is to lose one's soul and purpose of life.

Senator, my son and I plead before you to intervene, by submitting 'a just cause action' against those liable. To bring forth some honor back into this great country that others in time have falsely represented, desecrating our descendant's future.

Regardless of position, 'we all' reap the results of the harvest, and this country is vastly merging into the 'danger zone'. Wealth, which one may have acquired within the time of living, will not armor us against the inevitable. Reprehensible offenses will have serious repercussions that not only affect the homeland, but also abroad. If persistence prevails within the Justice System to ignore the facts of 'details', the inevitable will be present sooner than one may expect.

We are not here to predict or give personal testimony, we are simply removing ourselves from the 'accountability charges'.

Perhaps it is not correct to request favor from a Senator when they are dining, however, we would like to now take the time to initiate a request before you, to look into the following matter with sincere regards. We are aware of the operations of 'the system', yet we still remain with hope to find representatives that stand and work within conviction.

With due respect, it is understood that this is an election year, however, there is no specific time for one to bring forth hope for their future.

We have countlessly pleaded for assistance throughout the '21 years', and we refuse to be considered 'less than', or victimized for being, 'those who have fallen through the cracks'.

"Senator, thank-you for your time and consideration."

" REPORT TO THE PUBLIC"

Commencement, we would like to give thanks to you for the opportunity to be heard. Due to the fact that all inside information cannot be made known through one cover letter, we will try to encase a

synopsis.

My son and I have been terrorized since 1982 within our great country called, 'AMERICA'. Due to our 'belief and faith in God', the American Constitution that defines 'liberty and freedom for everyone', has been vehemently violated against us. Our four founding fathers' who risked their livelihood in order to install the format for individual democracy, has slowly become omitted from the Justice System. Bleeding and poisoning our nation is the 'rebellion of up-righteous character'. 'Many will also unnecessarily suffer great loss if we do not defend those who first defended us. At this point in time, . . .

Our objective is to receive: (a) new identification, (b) public expression of regret to mend damages, © financial restoration, (d) closure to pending legal cases, including outstanding judgments that stand in our favor, (e) adjudication within the legal institution.

Our Mission is to: (a) demonstrate the facts as they have originated, (b) hold each party of leadership to their formulate with accountability, © enjoin strength, security, confidence, and assurance within: the district, the community, the business industry, law enforcement, judicial system, and throughout the leadership of our nation.

Our commonwealth has lost the course of study since our four founding fathers, and we are now heading into the 'grave danger zone'. One month prior to the 911 attacks, it was prevalent that New York was going to suffer a great consequence. Since 1995, we have personally provided warnings before 'the people' regarding the collapse of 'the system'. Repeatedly we were voiced by the perpetrators, . . . "no one will care, no one will listen, and no one will believe you." Their speculations have been based upon the following particulars:

- 1) There is an unmeasured amount of ignorance leisurely preyed upon in this country.
- 2) Those who are profiting from the production of the 'main stream' will litigate in 'cooperating' for their personal order of business.
- 3) The mass media is purchased and sold by those who require from others to 'play the game'.
- 4) There is a profound partitioning quested by the white collar and black robe positions, as the 'code of silence' prevails desecrating the 'code of ethics', the

violators prosper off the efforts of those working hard at low to moderate incomes.

5) Those who are economically disabled depend on those who should be trustworthy, which unfortunately are the persons' who are oppressing and deceiving them.

6) There is an arena of fearfulness developing, refraining those with a decent amount of courage from speaking and pioneering to defend 'the truth' within the American Constitution.

7) War and fear is only prevalent when those with dismal minds extinguish themselves as of greater 'importance', tempting to remove confidence and trust within oneself.

In a summation to our personal deprivation and pain, we are now witnessing our great country being destroyed. We have a strong 'faith', and we take on the persecution that comes along within our walk, but we will not consent to the following, for it is not legally correct to mangle another's well being, with or without fire arms.

In thought, when one 'compromise' or 'cooperates', they are compromising and cooperating to 'someone' and 'something'. We are all given a 'free will', and we have designated our lives to be in good favor within the laws written by God as well as by man. We will not be provoked, nor moved into the calamity of retaliation. We will not compromise, nor cooperate with those who have a personal agenda to do others harm. We have been severely attacked because we will not conform to the way of 'the mainstream'.

An attorney once stated to me, "sooner or later you will drown." We could make accessibly many written defenses to that comment, first and most, it is 'untrue', for 'righteousness' has a position of security that no one could suppress. To be successful is not defined by wealth, but to bestow wealth with good health, and to savor time granted without the lying, the cheating, and the stealing, which releases those unwanted night sweats, and depression, which then leads to further damages with drugs, and alcohol, which partners with hate and violence.

Another attorney asked, "how do you sleep at night?" My reply was, "sleep? I sleep well, 'they are the one's who can't sleep." He simply nodded his head 'yes' as he handed me our No-fault personal injury case file, denying us an equitable defense within the case.

Where and when did the illegal actions begin to show themselves? In 1982, a Social Worker employed through the state of New York conspired to post my newborn son into the 'black-market' for an adoption sale. When she became powerless to succeed, she involved Child Protective Services, who, without my consent, took my baby into fostering care for one and some half years. Due upon Child Protective Services' persistence in denying reconciliation with my son, the only option that was given to me through 'the system' was to marry the baby's father. (The man who tempted to kill the baby at one month old with asphyxiation. The father wanted to marry, I did not)

The week of July 4, of 2003, my son and I relocated from the East coast to the West coast in order to remove us from harms way. Since then, we have persistently made effort to reveal 'the truth' of our personal story, the current events of the war, as well as the future of our country before 'the people'.

There is a legal action that we are looking to petition before the United States Supreme Court and before 'public opinion' in the amount of \$125 million. (Possible class action) The lawsuit is based within the facts of, 'terror and treason'. Our defense is constituted within data, witnesses, and within the obligated laws of ones' rights written in the Constitution of the United States of America.

The three states participated in the conspiracy are: New York, Virginia, and Pennsylvania. The State and Federal Government as an 'agency' has initiated, and provoked the criminal actions, as they have also coerced employed members to take part within the sabotage of our future.

We secure validation of our allegations through: (A) personal documentary, (B) legal and business documents, © video tape, (D) cassette tapes, (E) records tracking leading events, (F) as well as numerous accounts of witnesses.

The perpetrators consist of: (1) a former husband, ('dead beat dad', and repeated a criminal offender) (2) a federal agent, (a customs detective) (3) many family members, (including a sibling) (4) local, state, and government employees, consisting through: The Board of Education, the Internal Revenue Service, the Department of Motor Vehicles, Insurance companies, Medical and Legal profession, the Law and Justice Institution, and the Political arena, (5) employment, consisting within the department of management, co-workers, and employers, (6) corporate and small businesses, (7)

associates, and lastly, (8) landlords.

It may appear that we are 'trouble', however, 'the truth' is, we have been afflicted with 'hate crimes' due to their: (1) offended egos, (2) jealousy, and (3) ignorance.

If our personal story does not appear authentic, then please take a view at the following movies for yourself to see some of the examples of which we express: Path to War, Damaged Care, Stolen Babies, Holes, Unspeakable, Brother Future, Perfect Witness, and Fidel. These movies are just a few that show how others prey upon those who are believed to be 'vulnerable', 'insignificant', or 'less than'.

We are just reporting the facts as we have personally experienced them, and we are sure there are many folks who have a testimony of their own to express regarding being unjustly victimized. We are not here to threaten, intimidate, or point fingers, we are here to summons 'the people' to begin a forum of dialogue that will offer a future for us and our children.

"WE THE PEOPLE" are to govern our own lives, with the government to be given position to "PROTECT AND SERVE." 'We the people', are not to be as "WE THE JUDGE, JURY AND EXECUTIONER" of 'the people'. When one state that the Judges are independently elected, and their decisions are final, and that is the way the system works, is saying this out from the context of the 'truth', for 'we the people' should know by now, it is how 'the system operates', but it does not 'WORK'. For the current events examples forth proof to the failure of the 'operations of the system'. Any country that suffers poor leadership is the fault of 'the people', and within this great country, there are too many people who remain to care for the welfare of others to permit continuous anarchy to roam.

Due to the ramifications of the perpetrators engagements for '21 years' against my son and me, we partake in similar pain with emotional, physical, and psychological distress, also including hardship through our finances and relationships. Some of the allegations committed consisted of: (1) false imprisonment, (2) defamation of character, (3) larceny, (4) endangering the welfare of a child, (5) attempted murder, (6) fraud, (7) conspiracy, (8) aiding and abetting, (9) perjury, (10) sexual harassment, (11) sexual assault, (12) forgery, (13) harassment, threats and intimidation, (14) rollicking, (15) stalking, (16) falsifying documents, (17) negligence, (18) corruption, (19) unethical and incompetent conduct, (20) medical and legal

malpractice, (21) invasion of privacy.

These are just a 'few' accounts of the criminal and civil actions they have wasted tax payers' time and dollars just so they could continue their coerced obsession upon us. We have been researching the evidence and the facts of the law, and have originated law books which contain information regarding the three states involved, as well as the organizations and agencies that unfortunately have believed they could participate in quarrying upon us without accountability. They decline to believe that 'the truth' will prevail, as they also ignore to address or answer to, the allegations against them, leaving us no choice but to present our legitimate documentary cover sheet before 'the public'.

Cornell West stated: "We basically now have intellectuals who have justified imperialism, who have legitimated wealth inequality, and they are intellectuals, ... who are using their gifts on behalf of power, rather than 'truth', ... but I really believe we're about to lose our democracy, if we don't speak out ."

In Proverbs 31:8-9: (KJV of the Bible), it clearly states: "Open thy mouth for the dumb in the cause of all such as are appointed to destruction. Open thy mouth, judge righteously, and plead the cause of the poor and needy.

In Psalms 41:1-2: (KJV of the Bible), it clearly states: "Blessed is he that considereth the poor: the Lord will deliver him in the time of trouble. The Lord will preserve him, and keep him alive; and he shall be blessed upon the earth: and thou wilt not deliver him unto the will of his enemies.

In order to set us 'all free' as it is written to be, it is necessary for the perpetrators to find 'redemption' as it is necessary for the victims to experience 'healing, along with justice'.

Not only is their incontestable accountability for depravation of 'the family', 'life' and 'reproduction', but the United States government has also discredited us to the level where we are unable to travel forward in business with our business plans [which could easily revenue in a million dollars per moth], that which offers great potential in providing support to 'many' who are lonely, young, elderly, and homeless'. In addition, we secure a second business plan, as well as a book that awaits to be published. The perpetrators know who we are, as we know who they are. They have a grasp of our attempts in helping 'the community', and they refuse to permit us to see 'the light of day' to

initiate access needed to free the oppressed.

Theodore Roosevelt stated: "It is not the critic who counts, not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs, and comes up short again and again, because there is no effort without error and short coming, but who does actually strive to do the deeds; who knows great enthusiasm, the great devotions; who spends himself in a worthy cause; who at the best knows in the end, the triumph of high achievement , and who at the worst, if he fails, at least fails while daring greatly, so that his place shall never with those cold and timid souls who neither knew 'victory or defeat'.

At this present time, by the Grace of God, my son has been tending to a position of employment that carries for the both of us, as we also participate in contributing to ministries. We have one vehicle, and as we remain waiting for closure, we continue to rent, until 'the day' arrives where we could freely live to purchase a home. Without our consent, our health and dental care has gone disregarded, and I have not worked, driven, or been apart from the home, due to their vile attempt to continue 'their game and laughter to destroy'. At this point . . . "Enough has been, . . . Enough!"

There are many facts to tell within these events, as there are many revealing secrets that 'the public' should be aware of regarding what is actually going on within our country. For a line of support, we would like to invite you to read what John Adams stated, and wrote in Article VII of the Massachusetts Constitution: "Government is instituted for the common good; for the protection, safety, prosperity, and happiness of the people, and not for profit, honor, or private interest of any man, family, or class of men; therefore, the people alone have an incontestable, unalienable, and indefeasible right to institute government; and to reform, alter, or totally change the same, when their protection, safety, prosperity, and happiness require it."

It has been noted how this country has supported, aided and rescued many other countries, which naturally is a good thing. To extend the notes, please place in thought to question, . . . what did this country receive in payment, how many lives were robbed of breath for the gains, and whose life is next to be cut off, for the sake of their definition of democracy?

In 1788, George Mason, at the Virginia Ratifying Convention stated: "Nothing as strongly impels a man to regard the interest of his constituents, as the certainty of returning to the general mass of people, from whence he was taken, where he must participate in their burdens." Based on the truth of which this statement was made, we make a citizen request; for all of those who have suffered great loss, dear loved ones and personal life from the attack of 911 and through the existing war on terror, to receive the proceeds of the 911 Commission Investigation book.

We will conclude this letter thanking everyone for all of your time and attention. To complete this letter, we are informing others that the real 'enemies' are nearly, and they inhabit as our neighbor. They have only begun, so 'we the people' need to address a position defending the Constitution, as well as 'the truth' before it becomes 'seriously too late'. As far as the Patriot Act is concerned, it is 'extremely harmful' for the present and future time for the citizens. Before Congress ever implanted the making thereof, my son and I were continuously invaded upon on a 'daily basis' by departments and agencies, and there was no for-seen problem or difficulty for them to communicate with one another. As the evidence will render within our case, we will show forth how their immature and relentless actions imposed against us has come at a high price.

The United States along with allies and adversaries are now witnessing for themselves, 'the entrapments of evil will be brought down within it's own device'. What the perpetrators has cast upon us, is now being

role-played in 'theater', portraying them as the villain that they are. Please understand, there are many regimes of 'evil' as there are many communes of 'good', so as our leaders may want everyone to believe the evil is coming from the Mid-East is one form of deception, . . . 'good' and 'evil' are a personal choice, and it is exemplified wherever he or she may reside.

As an example of the intrusion and illegal tampering from our own government, our phone system was 'tapped into' several times with no justified legal reason. Their must be a provision of legal documents to 'show cause' for their actions. We are preparing on a 'pro se' basis, a declaration before them, (ALL THE SUPREME COURTS) requesting to 'show just cause' upon the time of 'discovery'. We also pray for an opportunity to clear the distortion of character they have placed

against our God given name before the public.

There is an eminent need for this story to be unveiled, not only for my son and me, but for 'us all'. In order to clean house, we need to foremost locate the soil and remove it. Mercy has always been our leader for the guilty, the time has come for mercy to be the leader for 'the people' who are 'innocent'.

Those in dominating positions who have made a conscious choice to abuse authority by diminishing the importance of our basic moral standards, has displayed 'unpatriotic' character, and there should be accountability regarding such incompetent leadership.

There are many folks in various communities that would greatly appreciate the story to become known to them. God only knows in what manner people have been poisoned by the same devious and brutish people. If our voice is considered null and void before our local, state, and government officials, then there should be omitted liability and accountability for the release of one's documentary.

We pray for people to research the facts of history, to indulge in examining the current events, and to become familiar with the judicial system. For a 'wise man reach out for knowledge as well as wisdom', gathering the ability to perform reasonably and constructively.

Henrik Frystyk Nielson stated: "I'd rather be a well-tuned soul with a dysfunctional agent, than a dysfunctional soul with a well-tuned agent."
